**PREMIER PUMP MANUFACTURER LUTZ PUMPS TO PRESENT AT CHEM SHOW 2019**  
*Focus on Safety and Environmental Protection for Fluid Transfer*

NORCROSS, GA - Lutz Pumps, an internationally recognized company specializing in the development and design of transfer pumps and containers, is proud to announce the company will be presenting at the 2019 Chem Show Equipment and Technology Showcase on Wednesday, October 23, 2019 at 10:55 a.m. in Theater B.

Dave O'Rourke, Technical Sales & Services for Lutz Pumps, will present on the topic of safe environmental chemical and product transfer from drums and small tanks showcasing Lutz pumps and flow meter equipment.

Lutz is committed to protecting the safety and health of the public and the environment by designing pumps, containers and systems that mitigate risks and support safety.

In this presentation, end-users will learn how - by using the right equipment - they can significantly reduce loss of costly chemicals and avoid spills, leakage, and environmental contamination.

For more detailed information on the Lutz product catalogue and the best equipment for fluid transfer management, visit the Lutz team from October 22 - 24 at booth # 212.

###
